How will I know?

There are still a few slots open in Law School, Pal.

I'm a periodontist, I don't have a heart!

Yes, we're drunk.

Shut up, open wide, here I come!

My GOD, I am great!

SATAAAN?

Let me tell you about my remo patient.

The drugs are taking effect.

We came here to get away from the war?

Paul, the HART-breaker.

and gives back to every man
the reflection of his own
face.*

*— William Makepeace
Thackeray*

Sweet, it's Friday!

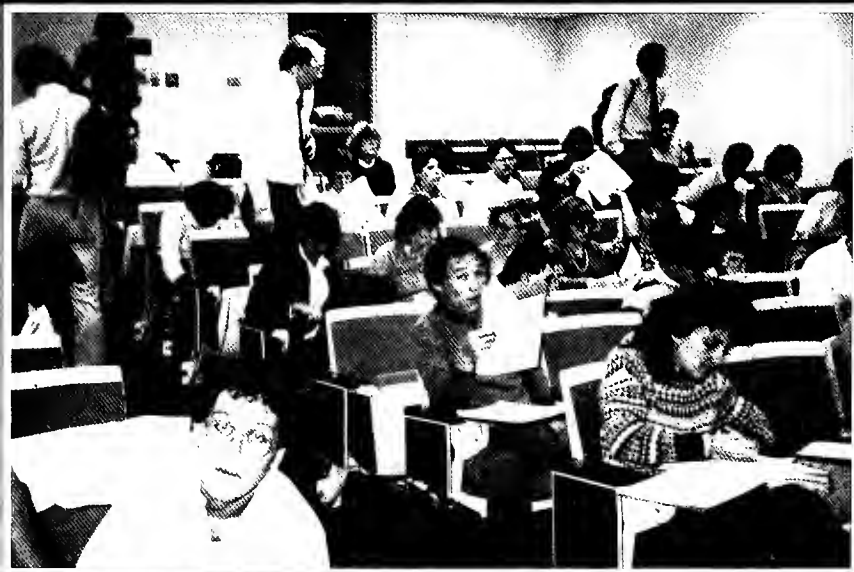

I LOVE REMO!

Are those RED spots supposed to be here?

Will the real Paul Hart please stand up?

We're joining AO.

Holy Rubber Dam, Batman, he got the highest grade again!

Is this a good time to PUNT?

GRACE HALL

733 - 1844

"Within these stones and healing is to be administered, and no less important, human relationships developed between teachers and students and between students and patients. If ever patients are regarded as clinical material, this building will have been degraded and its use corrupted. We must never forget that the word patient comes from the latin root which means to suffer. Clinical material does not suffer. Human beings do."

Dr. Louis L. Kaplan

DOMINICAN REPUBLIC

Each summer several dental students have the opportunity to provide badly needed dental care to the poor population of the Dominican Republic. Under the direction of Dr. Frank Serio, they give up their vacation to learn something about a different culture and themselves. All return changed by the experience. Members of the Class of 1988 who participated were Mark Briner, Ngoc Chu, Christine Golis, Paul Heese, Janet Levitas, Ronald Logan, Steven Regenstein, and Eduardo Rodriguez.

WHO'S WHO AMONG STUDENTS IN AMERICAN UNIVERSITIES AND COLLEGES

In order to be considered for selection as a candidate for membership in Who's Who Among Students in American Universities and Colleges a student must be an outstanding leader, scholar, citizen, and participant in both educational and extracurricular activities.

To be chosen for this honor a student is recommended by a committee composed of students and faculty within the Dental School and is then voted on by the National organization.

The Gorgas Society was organized in 1915 and its name was changed to the Gorgas Society of Odontological in 1921. It was a scholarship as well as a social organization. Dr. Ferdinand Gorgas was its first president and a great educator. It was with this idea in mind that the Gorgas Society adopted it. The Gorgas Society's objective the furtherance of dental education and lectures. Gorgas is a part of the Gorgas members whose school is at least the top third of the

GAMMA PI DELTA PROSTHODONTIC HONORARY SOCIETY

Gamma Pi Delta was chartered in 1965 as an honorary student dental organization with scholarship and interest in the field of Prosthetic Dentistry as a basis for admission. The prestigious honor society requires maintenance of at least a "B" average in the disciplines of both Fixed and Removable Prosthodontics for all four years of dental school.

This year Gamma Pi Delta held four meetings at various restaurants in Baltimore. Special guest speakers were present at each dinner with their goals directed toward stimulating the creative interest of prosthodontics in general dentistry.

ALPHA OMEGA

Alpha Omega is an international dental fraternity founded in the early 1900s. Since then it has evolved to be a well-respected component of the dental profession with members in the U.S., Canada, Europe, Israel, South Africa, London, Mexico, and Australia. The fraternity is represented by a triangle whose base is Judaism and sides are fraternalism and professionalism.

Zeta Mu, our local chapter, is fifty members strong and is proud to have received past awards for chapter efficiency. Our yearly calendar includes many exciting social and professional events which help to maintain a close relationship with our Baltimore alumni chapter, participating together in many professional and social forums.

All the members of the Alpha Omega wish the Class of 1988 the best in health, happiness, and success.

PSI OMEGA

The Psi Omega Fraternity was founded at the Baltimore College of Dental Surgery in 1892 by four members of the graduating class of 1894. The Alpha Chapter at the University of Maryland as it is known today strives to continue in the pursuit at the basic concept of the Fraternity's beginning ninety-three years ago — to offer a stimulating source of diversion from the many hours of dental education spent in the classroom, laboratory and clinic. Psi Omega extends a welcome means of relaxation and social fraternalism to members all dental and dental hygiene classes as well as alumni at Maryland.

What can be said of ZIP that has not been said before? Yes, You're probably right — we are! The fact is that you may not know who or what we are. Let's face it — we are just a tired yet restless crowd seeking some relief from the turmoil we encounter each and every day. The best of times are spent in the company of a fellow Zipper, and we give all we can to make the best of what we have. We continue to strive to improve ourselves as dentists and professionals and have fun doing it. We are all proud of bearing the name of a ZIPPER. Good luck seniors!

STUDENT AMERICAN DENTAL HYGIENISTS' ASSOCIATION

SADHA is the dental hygiene students' professional organization. As members of this organization we hope to gain an understanding of our profession and our role in the communities we will serve. Our goal this year was to become recognized in the Dental School, as well as on the UMAB campus. To reach this goal we became involved in different activities, such as revising our Constitution and Bylaws, forming a dental hygiene liaison program with dental students, and participating in the USGA. SADHA is also involved with community/public health activities, fundraising, spring banquet plans and professional growth.

Student participation in SADHA insures that the University of Maryland Dental Hygiene program graduates will be active and vital participants of the dental health care team and their local American Dental Hygienists' Association.

CHRISTIAN DENTAL ASSOCIATION

The Christian Dental Association is a newly founded chapter of the Christian Medical Society. Although new, we are a rapidly growing organization open to all members of the BCDS community. We plan to provide students with opportunities in the areas of community and world outreach, guest lectures, and Bible study, as well as forming a network between practicing Christian dentists and dental students.

"Therefore, as we have opportunity, let us do good to all people . . ."

— Galatians 6:10

STUDENT RESEARCH GROUP

The Student Research Group has recently been organized to facilitate the following:

1. Promote accessibility for students to current research projects.
2. Enhance and promote student exposure to the career opportunities and experiences in dental research.
3. Sponsor independent research projects with the assistance of the Faculty Council Committee on Research.
4. When possible, send a student representative to the National Student Research Group annual meeting in conjunction with the IADR annual meeting.

Active support of this new and exciting organization will allow BCDS to move among the leaders in student based and assisted research.

FROM THE S.D.A. PRESIDENT

We entered this institution in hopes of acquiring the skills and knowledge of the exacting profession of dentistry. But, as students, many of us feel victimized by circumstances, policies, and personalities. Unfortunately, yet understandably, apathy runs proportionately to the level of frustration.

It is the purpose of the Student Dental Association to work within the administration to make these frustrations which are inherent within the School more bearable. I would like to believe that we have succeeded to some degree during his past year. I hope that as alumni we will, as a group, continue to seek productive changes for those who follow.

The SDA hopes that each graduate will leave with many lasting friendships, some fond memories, and the commitment to excellence in dentistry.

Congratulations to the Class of 1988 — The Best of the Best!

Hana Chohayeb

FROM THE CLASS PRESIDENT

The opportunity to write this has seemed a long time in coming; many times longer than four years. In retrospect, however, the time has slipped by. What we didn't know then but do know now is tremendous. What we couldn't do before but can do now is a privilege.

We have taken a great step in realizing our life goals. We should not forget that which has allowed us to make this stride: dedication to the cause, the resiliency to be persistent, and an objective worthy of this great effort.

Along the way we have forged friendships and shared more than a laugh or two. We have shared an experience which only those who have lived it can appreciate. In that respect, we have traveled together. What we bring to the profession is the differing talent each of us possesses. In a crazy way it's been fun. For most of us it will remain that singular event that shapes the rest of our lives.

Paul Hart

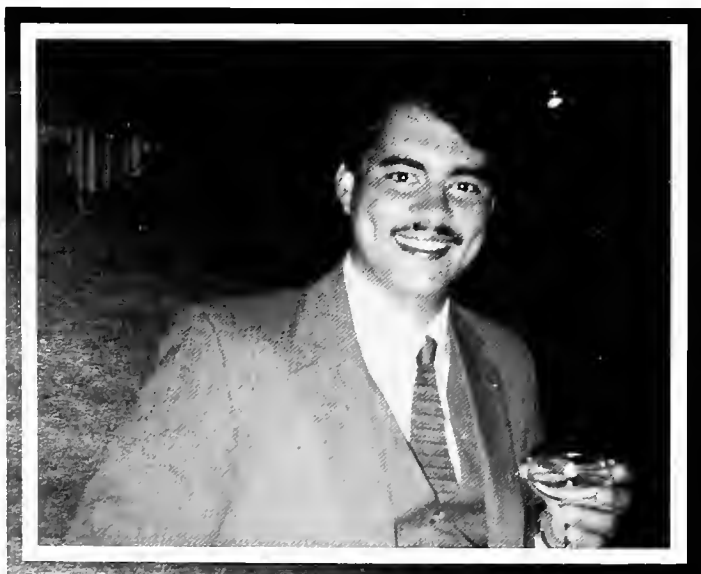

FROM THE EDITOR

The purpose of any yearbook is to attempt to capture in words and pictures, the years we have spent in school. The two most important aspects of a yearbook are **THEME** (the "feel") and **DESIGN** (the "look") — which both refer to the unifying characteristics which give the yearbook continuity. I believe it was me who once said, "A picture is worth a thousand words," so I squeezed in many pictures on every page throughout the book; especially of seniors, for it is the seniors for which this edition of *The MIRROR* is made.

Wherever you go, whatever you do, there will be problems to overcome and people you don't like. This thought helps me to put away the negative experiences and remember all the positive experiences of dental school. The past four years have been very rewarding both in dentistry and more importantly with the relationships I have made with my friends. I hope *The 1988 MIRROR* is a positive reflection of everyone's experiences and that it holds fond memories for everyone. Good luck to the Class of '88.

What's the perfect location for you?

"Healthco helped me make a better decision."

"Not being a follower, I wanted to practice a thousand miles from where I went to dental school. Healthco's sales rep contacted me, and I gave them my guidelines. They did their homework and found a perfect location for a general practice."

"Healthco painted a complete, balanced picture for me, comparing my various options and showing a sincere interest in placing me

in an area where I would be welcome and where I could grow."

You can be one of the many successful new practitioners who are being helped by Healthco. Once we help you locate, we work with you in planning and designing your office, selecting your equipment and financing it at simple fixed interest rates, and showing you how to buy your supplies economically.
